

Qualification Specification

STA Level 3 Award in Emergency First Aid at Work

Version 25.1

©2025

This qualification is regulated by Ofqual (England) and by Qualifications Wales (Wales)

STA Level 3 Award in Emergency First Aid at Work

Qualification Number: 610 / 5832 / 2

QW Number: C00 / 5241 / 2

Unit Title

This qualification consists of 1 mandatory unit.

Unit Title	Code	Unit Level	GLH
Emergency First Aid in the Workplace	M / 651 / 6401	3	6

GLH = Guided learning hours

Total Qualification Time 7 hours

Qualification Delivery

The recommended contact hours for this qualification is 6 hours, which includes teaching and assessing but excludes breaks.

The course may be run over 1 day, but can also be delivered over a maximum of a 4-week period, with the minimum of each training session being 2 hours.

The course can be delivered:

- Fully face-to-face (6 hours)
- Via blended learning using a combination of distance learning through STA Emergency First Aid online programme or live remote tutor-led online sessions (up to 2 hours), and face-to-face delivery (minimum 4 hours).

Note: Distance learning must be completed prior to the face-to-face element and all assessments must take place face-to-face.

The ratio for this qualification is a maximum of 12 learners to 1 tutor.

Introduction

First aid can be described as the helping behaviours and initial care provided for an acute illness or injury. First aid can be initiated by anyone in any situation.

Appointed emergency first aiders in the workplace must be competent to provide emergency first aid to someone who is injured or becomes ill while at work.

STA Level 3 Award in Emergency First Aid at Work complies with the requirements of the Health and Safety (First Aid) Regulations 1981 and The Health and Safety (First-Aid) Regulations (Northern Ireland) 1982 and currently accepted first aid practice.

Qualification Objective

STA Level 3 Award in Emergency First Aid at Work aims to provide learners with the knowledge and practical competences required to be able to deal with a range of workplace emergency first aid situations.

Target Learners

STA Award in Emergency First Aid at Work is suitable for learners who act as an appointed emergency first aider at work or in voluntary and community activities, or for personal interest and development.

Entry Requirements

- Be 14 years of age or older at time of assessment
- Be able to perform practical demonstrations on the floor.

There are no previous qualifications or experience required, however it is advisable that learners have a minimum of level 1 in literacy and numeracy or equivalent.

Qualification Validity Period / Requirements

This qualification is valid for a period of 3 years. Learners need to retake the qualification before the certificate expiry date to remain qualified.

Health and Safety Executive (HSE) strongly recommends that first aiders undertake annual refresher training during any three-year certification period. This will help learners maintain their skills and keep up-to-date with any changes to first aid procedures.

Note: STA provide resources to support first aiders in completing annual refresher training in line with HSE recommendations. For more information, visit www.sta.co.uk

Progression

STA Award in Emergency First Aid at Work holders may wish to develop knowledge and skills further by completing additional STA first aid qualifications or CPDs.

Alternatively, learners may wish to complete additional STA qualifications such as manual handling, fire marshal, lifesaving, swimming teaching and pool plant, to support a career in the leisure industry.

Assessment Format

Pass / Fail

Assessment Methods

STA Award in Emergency First Aid at Work is tutor assessed through practical demonstrations and completion of a multiple-choice theory assessment paper.

All practical elements must be completed and performed independently by the learner without prompting by the tutor.

The multiple-choice assessment paper is to be completed independently by learners under exam conditions, with the tutor or other approved person, acting as the invigilator. Learners must achieve a minimum mark or higher to successfully pass the multiple-choice theory assessment paper.

All learning outcomes and assessment criteria in the unit must be achieved in order for the learner to be deemed competent in order to pass the qualification.

The skills within the course and during the assessments must be performed in line with the most current version of the STA Adult and Paediatric Emergency First Aid resource manual.

Tutors should refer to the STA Emergency First Aid assessment strategy document for detailed guidance on the assessment process.

Re-assessment

If a learner is unsuccessful in the course assessment, the learner is only required to re-sit the required assessment element, for example, if a learner fails the practical, they are only required to re-sit the practical element.

The re-sit of an assessment must be completed within 4 weeks from the start date of the course. All re-takes must be registered with Safety Training Awards.

Due to the type of qualification being a license to practice competency-based qualification, we can only permit 1 assessment re-sit. If a learner has been unsuccessful following a re-sit, the learner must undertake another full course of instruction.

Reasonable Adjustments and Special Considerations

Safety Training Awards is committed to ensuring individuals with additional needs, disabilities, temporary illness or injury, or other adverse circumstance outside their control, are not unfairly disadvantaged when undertaking first aid qualifications or assessments. For further information, please refer to the policies section on the Safety Training Awards website:

<https://www.safetytrainingawards.co.uk/policies/>

Recognition of Prior Learning

Recognition of prior learning (RPL) may be applied for depending on a learner's qualification. Should RPL be applied, learners must complete all assessment requirements. For further information, please refer to the policies section on the Safety Training Awards website:

<https://www.safetytrainingawards.co.uk/policies/>

Awarding Organisation Policies

A full list of awarding organisation policies are available on the website:

Tutor / Assessor Requirements

Tutors must have the skills, knowledge, experience and competency to be able to tutor / assess the subject.

Tutors must be approved by Safety Training Awards and provide evidence of:

1. Holding STA Award in First Aid at Work (or acceptable equivalent), or current medical registration as detailed in Appendix 1
2. Holding STA Level 3 Award in Education and Training (or acceptable equivalent as detailed in Appendix 2)
3. Maintaining occupational competency by providing evidence of continuing professional development (CPD).

IQA Requirements

Internal quality assurers (IQAs) must have the skills, knowledge, experience and competency to be able to quality assure the subject.

IQAs must be approved by Safety Training Awards and provide evidence of:

1. Holding STA Award in First Aid at Work (or acceptable equivalent), or current medical registration as detailed in Appendix 1
2. Holding STA Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice (or acceptable equivalent as detailed in Appendix 3), or have completed STA Internal Quality Assurance CPD.

Note: Internal quality assurers cannot quality assure a course for which they were a learner, tutor and / or assessor.

Minimum Course Resource Requirements

- STA Adult and Paediatric Emergency First Aid resource manuals – 1 per learner to keep
- Adult resuscitation manikins – minimum 1 : 4 learners
- AED trainer – minimum 1 : 4 learners. Where fewer AED trainers are provided, contact hours should be adjusted accordingly to ensure learners are not disadvantaged
- Sufficient procedures must be in place to ensure hygiene during the use of resuscitation manikins and other training equipment
- Resuscitation pocket masks and face shields
- Disposable gloves
- Sufficient clean bandages, dressings, triangular bandages and other items commonly found in a first aid kit must be available to facilitate training and assessment
- Choking training device
- Tourniquet and wound packing training aids where required
- Sufficient audio-visual (AV) equipment and training aids should be available to facilitate learning using varying teaching methods
- All equipment must be cleaned, serviced and maintained in line with manufacturers instructions and relevant legislation / industry guidance
- The venue must meet acceptable health and safety standards and be conducive to learning, with sufficient size, floor surfaces, seating, writing surfaces, toilet facilities, ventilation, lighting, heating, access, exits, cleanliness, absence of distracting noise.

Appendix 1

Acceptable Evidence of Competency in First Aid

All Tutors, Assessors and Internal Quality Assurers must have occupational knowledge and competence in first aid.

Acceptable evidence includes:

- Holding a current regulated First Aid at Work Certificate (issued by an Ofqual / SQA Accreditation / Qualifications Wales / CCEA Regulation recognised Awarding Organisation / Body (or equivalent))
- Current registration as a Doctor with the General Medical Council (GMC)
- Current registration as a Nurse with the Nursing and Midwifery Council (NMC)
- Current registration as a Paramedic with the Health and Care Professions Council (HCPC).

Internally Verify the Assessment Process SCQF Level 8 (SQA Unit)

Unit Specification

Unit 1		Emergency First Aid in the Workplace
Learning Outcomes:	Assessment Criteria:	
1. Understand the role and responsibilities of a first aider	1.1 1.2 1.3	Identify the role and responsibilities of a first aider Identify how to minimise the risk of infection to self and others Identify the need for consent to provide first aid
2. Be able to assess an emergency situation safely	2.1 2.2 2.3	Conduct a scene survey Conduct a primary survey of a casualty Summon appropriate assistance when necessary
3. Be able to provide first aid to an unresponsive casualty who is breathing normally	3.1 3.2 3.3	Identify when to place a casualty into the recovery position Demonstrate how to place a casualty into the recovery position Demonstrate continual monitoring of breathing whilst the casualty is in the recovery position
4. Be able to provide first aid to an unresponsive casualty who is not breathing normally	4.1 4.2 4.3	Identify when to administer Cardiopulmonary Resuscitation (CPR) Identify considerations when administering CPR and using an automated external defibrillator Demonstrate CPR including AED for adult sudden collapse using an adult manikin
5. Be able to provide first aid to a casualty who is choking	5.1 5.2	Identify when a casualty is choking Demonstrate how to administer first aid to a casualty who is choking
6. Know how to provide first aid to a casualty who is experiencing a seizure	6.1	Identify how to administer first aid to a casualty who is experiencing a seizure
7. Know how to provide first aid to a casualty who is suffering from shock	7.1 7.2	Recognise when a casualty is suffering from shock Identify how to administer first aid to a casualty who is suffering from shock
8. Be able to provide first aid to a casualty with external bleeding	8.1 8.2	Identify whether external bleeding is life-threatening Demonstrate how to administer first aid to a casualty with external bleeding
9. Know how to provide first aid to a casualty with minor injuries	9.1 9.2	Identify how to administer first aid to a casualty with: • Small cuts • Grazes • Bumps and bruises • Small splinters • Nosebleeds Identify how to administer first aid to a casualty with minor burns and scalds
